

Cycling For Health Meeting Places and Gradients 2021 July, August and September

Gradients

The routes used are generally traffic free as we stick to bridleways and paths. The rides are approximately 2 hours long and we cover approximately 10 to 18km (6 - 11 miles) and although this may sound short the routes differ in intensity and terrain. You will have plenty of time to get to know the other members on your ride as we always try and stop at a café for 15/20 minutes to take a well-earned break, normally halfway into the ride

Each ride is given a gradient.

Easy Routes are flat and on walking/cycling paths where participants can keep a constant steady pace.

Medium These routes will have varying gradients and may be on bridleway or solid earth paths or short grass sections. There will still be large sections of flat paths.
